

SHABAHAT RIYAZ

FULL STACK / MERN DEVELOPER

+91-7007987639 | shabsriyaz@gmail.com

[Portfolio](#) | [GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Analytical and highly logical Full Stack (MERN) Developer with a strong foundation in designing responsive, scalable web applications using React.js, Node.js, and MongoDB. Combines robust engineering principles with an advanced problem-solving mindset cultivated through a proven background in mathematics education and rigorous competitive exam preparation. Expert at translating data structures, complex algorithms, and API architectures into clean, deployable code.

TECHNICAL SKILLS

Languages: JavaScript, HTML, CSS
Frontend: React.js, Next.js, Redux, Tailwind CSS, Material UI
Backend: Node.js, Express.js, REST APIs, JWT, OAuth 2.0
Tools & Databases: MongoDB, Supabase, Git, GitHub, Postman, Vercel

TECHNICAL PROJECTS

VidPress – Video Streaming Platform

Tech Stack: React.js, Node.js, Express.js, WebSockets, MongoDB, CSS

- Engineered a real-time video streaming platform optimized for dynamic data delivery and interaction.
- Integrated WebSockets to enable instantaneous, low-latency live updates and user notifications.
- Architected backend services to manage seamless video data fetching and efficient state management.

Road Trip Planner

Tech Stack: React.js, Node.js, Express.js, MongoDB, Google Maps API, Tailwind CSS

- Created a comprehensive MERN-based trip planning application to streamline custom travel itineraries.
- Integrated the Google Maps API to provide interactive mapping, live location lookups, and routing capabilities.
- Implemented structured frontend UI layouts to maximize responsive navigation and user experience.

PulseForge – Fitness Application *(In Progress)*

Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS

- Developing a full-stack MERN web application engineered for targeted workout tracking and calorie management.
- Implementing secure user authentication protocols (JWT) and personalized dashboard features to protect user metrics.

PROFESSIONAL & ANALYTICAL EXPERIENCE

Mathematics Teacher

2023 – 2025

Seth M. R. Jaipuria School

- Instructed advanced mathematical concepts, systematically improving students' logical reasoning, deduction, and problem-solving abilities.
- Managed structured schedules and lesson plans, cultivating project tracking skills translatable to software feature sprints.

Competitive Exam Preparation & Analytical Development

2019 – 2023

Full-Time Independent Study (Government Exams)

- Mastered complex quantitative aptitude, data interpretation, and core logical frameworks requiring deep critical thinking and memory retention.
- Built a highly disciplined, self-regulated schedule and mentored junior students to enhance cross-functional communication metrics.

Site Engineer

2018 – 2019

ABPL Pvt. Ltd., Gurgaon

- Directed safe operations and cross-functional team collaborations to guarantee rigid blueprint adherence and project quality control.

EDUCATION

Bachelor of Technology (B.Tech) in Civil Engineering

2013 – 2017

Buddha Institute of Technology, Gorakhpur

CERTIFICATIONS

- **Full Stack Development** – PW Skills
- **Generative AI** – Physics Wallah
- **UX Research & Design Simulation** – Forage

HOBBIES

Fitness, Playing Guitar, Travelling
